

8. So far as Consultations at the Hospital are concerned, the Surgeon will confine himself to those cases which are surgical, and all such consultations must be with the consent of the patient's own Medical Attendant.
9. No charge will be made for Surgical or Medical treatment provided at the Hospital except in cases sent in by Local Authorities and patients from foreign ships.
10. The Fees payable to the Surgeon in respect of patients for whose treatment a Local Authority is liable shall be arranged between the Managers, the Surgeon, and the Local Authority concerned.
11. (1) It shall be the duty of the Surgeon in co-operation with the Managers to arrange for the services of the Anæsthetist where such is required in connection with any case treated by him, and, when necessary, for a Practitioner to assist him at his operation.
- (2) A Fee of 10/6 shall be payable by the Managers to an Anæsthetist employed by the Surgeon.
12. (1) Normally no charge will be made for maintenance while in Hospital, but in exceptional cases, where the Managers are satisfied as to ability to pay, a charge not exceeding £3 per week may be made, and in Surgical cases a charge may also be made to cover the cost of dressings. One-half of the maternity benefit obtained by insured patients and the wives of insured men must be paid to the Hospital.
- NOTE.—Payment of any charges made under the above Rule will not be enforced except with the consent of a majority of subscribers.
- (2) As regards Out-Patients a charge sufficient to cover the cost of dressings, etc., will be made, the amount to be fixed by the Matron in each individual case.
13. In no circumstances will the Managers undertake to pay the Funeral expenses of patients dying in Hospital.
14. Patients must obey strictly the instructions of the Superintendent and the Matron in all matters relating to their conduct while in Hospital, and neglect or refusal to do so will render a patient liable to be expelled.

15. The Hospital Superintendent will have the control of the X-Ray apparatus and all equipment for Electrical Treatment, and he will be held responsible to the Managers for the proper and efficient management thereof.
16. (1) The X-Ray and Electrical Apparatus and Equipment for "light" treatment will be available at the Hospital for in-patients, out-patients, and patients seen by the Surgeon, in his capacity as Consultant (including private practice). The charges payable by patients of these classes will be on the scale set out below.
- (2) All plates shall remain the property of the Hospital, and shall not be removed from the Hospital, except that by arrangement with the Tuberculosis Joint Committee and the Tuberculosis Officer, plates taken in cases for which the Committee are responsible may be transferred to them for purposes of record; plates will be made available for inspection by the patients' Medical Attendants at the Hospital at all reasonable times.
- (3) In the X-Ray Department the following fees, which are designed to cover the cost of maintenance and materials, will be charged:—
- |                 |       |
|-----------------|-------|
| Photographs ... | 10/6. |
| Screening ...   | 10/6. |
- Prints may be supplied to the patients' Medical Attendants at the discretion of the Hospital Superintendent at charges to cover the cost of material and time.
- The foregoing charges may be reduced or waived, according to the circumstances of the patients.
- (4) For the Electrical Treatment the Superintendent will fix the charge to be made in each individual case, bearing in mind such of the foregoing circumstances as may be relevant.
- (5) The Fees provided for in this paragraph shall be paid to the Matron or the Nurse in charge at the time they are incurred.
- (6) These arrangements are provisional and subject to modification in the light of experience.
17. Any complaints by patients treated at the Hospital should be made to the Managers through the Secretary within a reasonable time
