THIRTY-FIFTH

ANNUAL REPORT

OF THE MANAGERS

TO THE SUBSCRIBERS

FOR YEAR ENDED 31st DECEMBER, 1931.

The Managers are extremely gratified to be able, notwithstanding the difficulties through which the country has passed and is passing, to report another highly successful year in the administration and running of the Hospital. The running costs again bear favourable comparison with former years. There is still heavy expenditure in connection with the running of the heating and lighting plant. This is a subject to which the Managers are still giving their anxious consideration and it is hoped that further economies will be effected during the current year.

MEDICAL REPORT.

The year under review has again been a strenuous one for the Surgeon and his staff.

At the beginning of the year In-Patients under treatment numbered 25 and there were admitted during the year a total of 542. The discharge numbered 520, deaths 29, leaving under treatment at the end of the year 33. The Out-Patients treated during the year numbered 1392.

The nominal accommodation of the Hospital was again continuously exceeded throughout the period under review. The number of operations performed were 559 compared with 593 the previous year. The average number of patients in Hospital over the year was 25.26. 17 cases were treated in the Macaulay Maternity Wards, these Wards when not in use for maternity cases being used during the year for cases which could not be accommodated in the ordinary Wards. It will be seen that there is a

slight drop in the number of operations performed and in the average number of beds occupied during the year. The difference is, however, more apparent than real as there was a diminution of Tonsil cases treated of about 60, and a very large increase in the number of major operations performed entailing longer after care in the Hospital. The Surgical work of a major nature is steadily increasing.

The Managers take this opportunity of tendering their thanks to the Surgeon, the Matron, and to the other members of the staff for their very efficient and valuable services so ungrudgingly given.

During the past year the arrangement whereby the local Practitioners have acted in rotation as anaesthetists at the Hospital, has again proved entirely successful and the Managers have to thank Doctors, A. Macrae, C. B. Macleod, A. Macphail, and P. J. Macleod, for this result.

FINANCIAL REPORT

At the commencement of the year there was a credit balance at Maintenance Account of £623 15 9. The total income for the year ended 31st December, 1931 amounted to £5,022 14 4 and the Total Expenditure to £4,975 9 2 showing an excess of Income over Expenditure for the year of £47 5 2. This result is particularly gratifying to the Managers when it is kept in view that Subscriptions and Donations from abroad were, owing to prevailing conditions, more or less negligible. Notwithstanding the fact that part of the Investment Income was not received during the year the total income shows an increase of £60 2 4. Contributions from patients show a very gratifying increase of £195 19 6 and it is hoped that patients during the current year will continue to show their appreciation of the services rendered in this practical fashion.

The income from the Endowment Fund amounted to £1617 17 1 as compared with £1680 6 6, a decrease of £62 9 5. As stated above the decrease is due to certain Endowment Fund income not having been received during the year. It is anticipated, however, that the income will be paid during the current year.

The receipts for X-Ray treatment are also very gratifying, this account showing a credit balance for the first time since the installation of the Plant.

The expenditure during the year shows a decrease of £65 10 4, the main decrease being on the Provisions and Instruments and Appliances Accounts which show decreases during the year of £135 0 7 and £106 17 2 respectively.

During the year there was expended on Renewals and Repairs to Buildings and Plant a sum of £234 16 5, an increase of £180 4 3 over the previous year.

ENDOWMENT FUND.

During the year sums amounting to £2516 10 1 were received for the Endowment Fund being £1500 on account of the Legacy bequeathed by the late Miss M. A. Macrae, £500 bequeathed by the late Dr. Tolmie for the endowment of a Cot to be called the "Margaret Pringle Tolmie Cot," £322 6 1 being a further payment on account of the Legacy bequeathed by the late Mrs Janet Macrae, and £194 4/- being balance of the Department of Health for Scotland's grant towards the extension scheme at the Hospital.

The sincere thanks of the Managers are due to Mrs Tolmie, Widow of the late Dr. Tolmie, who herself supplied the Cot and its equipment, thereby enabling the Legacy of £500 to be invested for the Hospital free of all charges.

ELECTION OF MANAGERS.

The following managers automatically retire in terms of the Constitution, videlicet:—

Dr. Grant
Mrs Angus Bain
Mrs Macleunan
Mrs Charles Orrock
Reverend Roderick Morrison, and
Mr John Mackenzie, Tarbert, who was co-opted during the year.

All the retiring members are eligible for re-election.

As stated above the Revenue for the year again compares very favourably with that of previous years, public support particularly at home being exceptionally well maintained, and as mentioned, another gratifying feature being the fact that patients actually treated in the Hospital are showing their appreciation in the most practical way. The need for support is apparent to all thinking people and the Managers look forward with confidence to a continuance, and with improving conditions, an increase in the public support during the current year. In this connection the Managers point out that the Honorary Secretary and one or two of their members will be only too pleased to attend meetings in any district that has not already got a Collecting Association or Committee with a view to the formation of such Committee.

The thanks of the Managers are also due to the members of the Local Education Authority for granting permission (subject to the Headmasters' consent) for schools to be used for the holding of Social Gatherings and Concerts for behoof of the Hospital Funds.

The sincere thanks of the Managers are also due to the various local Committees, Collectors, and Organisers of Fleece days etc. for the splendid work done by them in raising funds for the Hospital and also to all the individual contributors who have given donations in money or in kind, all of whom have made another successful year possible.

The thanks of the Managers are also due to the Honorary Secretary and the Honorary Treasurer for their valued services during the year. They regret to record that owing to illness Mr Macrae ceased to act as Secretary early in May 1931, Mr Williamson acting as Honorary Secretary and Honorary Treasurer from that time.

(Signed) ALEXANDER MACLENNAN,
Chairman

(Signed) ALEXR. WILLIAMSON,
Honorary Secretary.

SURGEON'S ANNUAL REPORT.

It is interesting to note that the total number of patients treated in Hospital is slightly less than in the year 1930. Notwithstanding this fact the demand made upon the Nursing Staff has been greater owing to the relative increase in the number of patients who required major surgical operations.

At the present time there are eighty-six patients on the Waiting List for admission, and, although as far as possible those are admitted in rotation, it is apparent that many have to wait weeks or months before getting their turn owing to the limited number of beds, and bearing in mind the large number of emergency cases which have to be dealt with.

Even although the Hospital is working at its utmost capacity, it is noteworthy that no patient, recommended for admission, or really in need of immediate hospital treatment, has had to be refused.

In conclusion, I wish to convey to the Managers my great appreciation of the services rendered by the Matron and Nursing Staff, who have not only maintained a high standard of nursing, but have, in addition, given up "off-duty" time on many occasions in order that emergency cases might be properly cared for.

(Signed) E. NORMAN JAMIESON.

AUDITOR'S REPORT.

EDINBURGH—5th March 1932. We have examined and audited the Books and Accounts of the Managers of the Lewis Hospital for the year ending 31st December, 1931, and have found them to be correctly stated and sufficiently vouched and instructed. We have also examined the documents of security for the Invested Funds, as shown in the Endowment Fund Account, and found them in order, and we have satisfied ourselves that the income arising thereon has been duly received. We certify that the foregoing Abstracts of the Accounts are correct, and in conformity with the Books.

We have also examined the foregoing Balance Sheet as at 31st December, 1931, and beg to report that, in our opinion, it correctly represents the state of the Hospital's affairs at that date, according to the best of our information and the explanations given to us.

(Signed) ROBERTSON & CARPHIN, C.A., Auditors.

CONSTITUTION OF LEWIS HOSPITAL.

As amended by Resolution of Subscribers passed at the Annual Meeting of Subscribers held at Stornoway on the 24th day of March 1932, and approved by the Department of Health on 27th January, 1932.

(1) The Hospital shall be called the Lewis Hospital. It shall be open for the reception of persons from the districts of Lewis and Harris, whether residents or non-residents requiring medical and surgical treatment for accidents and diseases of any kind other than such acute febrile infections as cannot properly be treated in a general Hospital, in accordance with the Rules and Regulations and Bye-laws regulating the administration of the Hospital.

BOARD OF MANAGERS.

(2) A board of Managers shall, save as hereinafter provided, be elected by the Subscribers, as hereinafter defined at the Annual Meeting of the Subscribers. 16 (1) The X-Ray and electrical apparatus and equipment for "light" treatment will be available at the Hospital for in-patients, out-patients and patients seen by the Surgeon in his capacity as Consultant (including private practice).
