B1 - General Medical Services, including general prescribing	<p>In accordance with the National Health Service (Scotland) Act 1978, NHS Western Isles will secure General Medical Services (GMS) through the national GMS contract.</p> <p>The GMS contract will be protected at previous income levels, in accordance with the national policy and MoU.</p> <p>The Associate Medical Director and primary care manager will be responsible for liaising with GP practices to ensure that secure contractual arrangements are in place.</p> <p>These arrangements will also cover general prescribing services</p>	<p>£7.379m</p> <p>Notes:- To be delivered in line with the national GMS contract.</p> <p>£5.687m</p>	<p>With a new contract in place, General Practice is changing to a model of greater collaboration in the care of patients, with multi-professional teams. To enable this, the contract with GPs is in transition – we are moving towards the widespread adoption of cluster working (where GP practices will seek to learn from each other to improve quality) and develop a more diverse range of services provided by a range of professionals, such as Advanced Nurse Practitioners, Physiotherapist and Community Pharmacists. In addition, GPs will be supported to exert greater influence over local health and social care systems to ensure that they are more responsive to patients' needs. We are also working to enhance our GP workforce through a specific primary care recruitment and retention programme. A local Primary Care Improvement Plan is in place, with subsequent direction given to NHS Western Isles in respect of the implementation of national and local priorities.</p>

B6 - AHP services	<p>In accordance with the National Health Service (Scotland) Act 1978, NHS Western Isles will deliver AHP services across the Western Isles to people over the age of 18. The services will operate under the direction of the Head of Partnership Services / Community Care.</p> <p>The services include:</p> <p>Dietetics Podiatry Occupational Therapy Physiotherapy</p> <p>Notes:- The budget for Speech and Language therapy is retained by NHS Western Isles. The services will operate under the direction of the Head of Partnership Services / Community Care.</p>	<p>£0.443m £0.520m £0.727m £1.004m</p>	<p>Notes:- AHP services will play an important role in maintaining the personal independence of service users.</p> <p>The evidence base for reablement is now well documented, and it indicates that intensive support following a period of illness or hospitalisation can avoid or reduce long-term care requirements. This has the benefit of improving outcomes for users of the service and will reduce costs associated with growing dependency. In addition, where reablement has been introduced, there has been a positive impact on home care staff, with higher morale and commitment, maximising staff knowledge and skills, developing group identity and increasing confidence. This approach will feature prominently in the development of a new integrated workforce.</p> <p>A local strategy will be prepared to give effect to the national policy framework</p>
